\* For FY2011, HUD devised a set of maximum and minimum changes for income limits. FY2011 income limits cannot change more than the greater of 5% or twice the national average change in median family income. Pearl River County was affected by this change and was capped at 5% change for FY2011.

\*\* Once the median family income is estimated and a preliminary 4-person Very Low-Income Limit is calculated (as 50% of median family income) a series of comparisons required by statute are made: 1) High Housing Cost Adjustment, 2) Low Housing Cost Adjustment, & 3) State Non-Metro Median Family Income Adjustment. In FY2011, the State Non-Metro Median Family Income Adjustment Calculation determined an adjustment was necessary for Jones County. See www.huduser.org for more information.

Note: In accordance with HUD policy, the four person income limits are rounded to the nearest \$50. Income limits for households 1-3 and 4-12 members are rounded up to the next \$50. See www.huduser.org for more information.
